HP large format printers   **Original HP inks**

Produce brilliant, high-impact signs and banners

Deliver high-quality, durable prints
Handle these sturdy, tear-resistant[1] prints with confidence. Providing the high-quality look and feel of photo material, you get durable performance without trading off brilliant color and edge definition.

Produce high-impact, photo-realistic signs
Produce prints with brilliant color, photo-realistic images, and the look of traditional photos—this sturdy film is ideal for a wide range of sign and event displays including photo enlargements.

REACH compliant[2]
Offer a wide range of applications from presentations, banners, and displays to photo enlargements—and help meet the environmental objectives of your company and your clients—with this versatile, printing material. HP Premium Matte Polypropylene is REACH compliant[2]—a regulation of the European Union adopted to improve the protection of human health and the environment from risks that can be posed by chemicals.

Target customers	Applications	Benefits
Print service providers	Trade show and event displays	Vibrant color, high-impact image quality
Sign shops	Posters and presentations	Excellent opacity[3] and optical density
Graphic designers	POP and retail displays	Sturdy, tear-resistant[1] prints
	Photo enlargements	Moderately water-resistant prints[4] with Original HP 746, 747, 771, and 773 Vivid Photo Inks or Original HP 70 Photo Inks
	Banners	Fast dry time
		Compatible with Original HP pigment- and dye-based inks for HP DesignJet printers
