

HP Premium Bond Paper, 3-in Core

The HP large format printing system—the complete solution

HP large format printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to provide uncompromising image quality, reliability, and consistency—with every print.

Premium performance for high-production printing

Professional quality results for high-production printing

HP Premium Bond Paper, 3-in Core is engineered for a wide range of HP printers, including HP PageWide XL printers, delivering professional-quality output in high-production environments. Produce crisp lines, fine details, and smooth grayscales for GIS maps, technical documents, and point-of-sale posters.

Produce more while supporting environmental goals

Achieve high production speeds while supporting your company’s and customers’ environmental objectives with commonly recyclable¹, FSC™-certified (FSC™-C115319)² paper.

The premium choice for high-production needs

Elevate high-production and everyday printing with reliable, high-quality paper designed for consistent performance and a professional matte finish.

Target customers	Applications	Benefits
Architects and engineers	AEC and MCAD drawings	High-production printing
GIS professionals	GIS maps	Crisp detail
Graphic designers	Technical documents	Smooth grayscales
Print service providers	POS posters	Recyclability ¹
	Presentations	FSC™-certification ²
		Immediate dry time
		HP PageWide XL optimization

Technical specifications
