

Large Format Printing Materials Product Update

August 2026

Product: HP Premium Bond

Part Numbers: L6B12A, L6B13A, L6B14A

Dear Partner,

Due to a loss of current supply, HP Premium Bond specifications will change slightly. We anticipate current stock on the previous version to be depleted within a few months. At that time, the specifications will switch to the new version. There is no change to ICC profiles or part numbers.

Spec	New	Previous
Thickness	155 microns (6.1 mil)	142 microns (5.6 mil)
Country of Origin	France	Netherlands

Contact your local sales representative should you have any questions.

Thank you for your business,

BMG/HP Large Format Printing Materials Team
